**2010 DOMESTIC NEEDS COMBINED COLLECTION.**...Did you know that thirty—seven million Americans live in poverty? That's more than the total population of California. Did you know that 45 percent of all Arch/Dioceses in the United States are unable to provide ministries to their people without outside assistance? Did you know that 90 percent of Thomas More College students receive financial aid? Today's second Collection supports the work of six separate Catholic Appeals whose combined ministries offer financial aid to college students, provide job training for men and women trying to break free from the cycle of poverty, keep church doors open in remote areas where Catholic institutions are few in number, offer evangelization programs in African and Eskimo communities, and bring the Good News to TV, radio, and newspaper audiences. Please give to the Diocesan Domestic Needs Collection. Your prayers and generosity will help your brothers and sisters throughout the United States. Remember you one gift supports six Collections.

**Friday Mass changed to 9:00 AM**

Due to the school schedule and changes that will be necessary during the anticipated renovations to our church, Friday Mass times will change. For the rest of this calendar year Friday morning Masses will be at 6:30 (*as usual*) and 9:00 AM. Friday, 9 AM Mass will be a school Mass until we are required to leave the church for renovations.

**REFLECTION**...Before entering into a relationship with another, most of us want to know what's what. We generally take time to analyze all the ins and outs of a business deal before signing any contract. We usually investigate the rules and regulations of a club or organization before joining. For the most part, we also try to evaluate those who propose to be our leaders before electing or appointing them and undertaking to follow them. Jesus lays out what we are to expect from a relationship from him, and he explains what he looks for from us. Even so, there's more there than meets the eye. Even after we pay as close attention as we can to what being a follower means, there's always more. Jesus warns us about this, then asks us to trust that God's concern for us is broader than our understanding of that concern. Conventional wisdom, "smart business" practices, may deem entering such a relationship as mighty risky business. Jesus makes it clear that it is. At the same time, Jesus also assures us that it is the only business worth a lifetime investment.

**BECOME PART OF THE MUSIC**...The new school year is starting and so are all the music groups. We are looking for people to join our groups through singing or playing instruments. There are many options to fit everyone's interests and schedules! If you would like to join the music ministry family, please contact Connie at [cruprich@stjoeschool.net](mailto:cruprich@stjoeschool.net) or 927-2285.

**SPIRITUAL ADOPTION...**

**Fifth Month**...This month marks the half-way point to birth, and the baby is very active. Sleep habits develop and his mother can feel him move and stretch, particularly when she is resting. He is big and strong enough to kick hard against the outside uterine wall and dent it. Up to now, although he swam with ease in his watery world, he was too small for her to detect because the inside wall of the uterus has no feeling. Babies born at this stage have survived.
